Welcome back to what the play on FM 94 about Cuba stellar ciller and host David Whelan in this week and hang him with Johns are easy in easy odor of a country road in north our quarterback John thank you are right let's are just of the day on this Tuesday a group in the salad. Five greets talents obviously room. Suite 100 teary tomatoes. Economic coddled and my favorite part breakthrough at. Thanks hits in this touch. So yeah you went to college in Michigan Peterson machine. Who has Syrians have been and then yeah it was around this pants it's gonna care places anywhere and the famous around the world yes yeah so it just tell me in a show that your road opening Contra I know you. And her family founded one of the bigger chains around here you know on my mom and dad my sister and I started to patent Oscars starters Oscars painted an Oscar race himself to death for ten years and in between and a stimulus data and if you start ups my most recent it was a sports company in Carlsbad pulled skills that this is it's a good idea things companies still do well great so who gave the idea of her restaurant Arthur. I'd do in the restaurant for ten years ten Oscars got hooked into the culture of service and taking care people it and want to open something in an urban area and north park is happening area I believe it's any need yet to create location. Thirtieth university center in the universe beautiful open environment for all the windows open and now that school streets and it's great American. Next settles in over six months and then went well that is going to really look and you know north America's into seeing area from me because I've always been suburb Korean it and Oscar so it's urban environment which is just as its differences. Right you're a great invention yet. And what type of music temerity at the tree that's or people can happen. I think I've back tomorrow adjust your keys and he's the owner of it untrue in North America chose not to buy stellar solar check out podcast that's a nice work guys as he got that put metal plate.
